has successfully completed the HIGH5 strengths test  
and has the following set of strengths

1

## Self-Believer

Self-Believers are independent, self-sufficient people who inspire others with their confidence and certainty. They cannot stand when others tell them what to do or try to control their actions.

2

## Strategist

Strategists look at the big picture, which enables them to easily find the best way out of the clutter. Because connecting the dots comes naturally to them, they may get impatient with people who make slower decisions.

3

## Analyst

Analysts get energized when searching for simplicity and clarity within a large amount of data. They become frustrated when asked to follow their heart rather than proven facts and logic.

4

## Time Keeper

Nothing excites Time Keepers more than meeting a deadline. They enjoy setting up processes, timelines and plans. They may feel confused in chaotic circumstances where neither the outcomes nor the ways to achieve these are clear.

5

## Commander

Commanders love to be in charge, to speak up and be asked for their opinion. They do not shy away from conflict and may get frustrated by those who 'beat around the bush'.
